If the sample(s) to which the findings recorded herein (the 'Findings') relate was (were) drawn and / or provided by the Client or by a third party acting at the Client's direction. The Findings constitute no warranty of the sample's representativeness of any goods and strictly relate to the sample(s). The Company accepts no liability with regard to the origin or source from which the sample(s) is/are said to be extracted.

The analytical report can only be used within the specific context of the order and is only valid for the samples analysed.

Reports are established on behalf of and for the principal, who expressly accepts that these reports purely represent the situation at a given time and that they must always be presented and/or mentioned in their totality and in their particular context.

A description of the used analytical methods, the identity of the external laboratories for the marked (*) analyses and the uncertainty of measurement of analyses are available upon request.

Possible mentioned norms or criteria are made in accordance with the client.

SGS Belgium NV, issuer of the reports, cannot be held liable for errors or modifications of results during electronic or fax transmission. Only the originally signed report is binding.
